

# Modal Strategic Plan

## Vison and Mission

Modal Training will be a world class centre of excellence for the development of personnel and maritime and logistics businesses.

Our mission will be to grow competency and professionalism in marine and logistics disciplines, to add value to maritime and logistics organisations and to expand the capabilities of people working in those organisations.

## Strategy

- Delivery of regulatory, compliance and competence training to the road haulage sector.
- Delivery of on-demand bespoke competence courses for ports, maritime and offshore sectors using simulators.
- Launch Humber Maritime College to deliver Officer Cadets training for the Merchant Navy alongside delivery of short courses for statutory and competence training for the maritime sector.
- Delivery of a range of capability and competence courses in leadership, team working and health and safety.
- To meet the needs of the market, be responsive to finding solutions for the development.
